

# AutoRemind Products

We offer Two-Way Texting, Reputation Management, Reminders, Intake Forms, and more. Our features are sold a-la-carte.

## Reminders

Automate your appointment reminder process through email, text and voice calls.

## Short Notice

Things can happen last minute. When they do, let your customers know with a short notice message.

## Surveys

Find out what your customers think of you with automated surveys from Survey Monkey.

## Late Payment

Send a message to customers with a balance due.

## Triggered Messages

Send a message about follow up care or instructions for after a procedure, automatically.

## Birthday Greetings

Say Happy Birthday to your customers and they'll be sure to keep in touch.

## Seasonal Greetings

Thanksgiving? Christmas? Say something to your customers to show you're thinking of them.

## Newsletters

Create a newsletter to keep all of your customers up to date with your practice.

## 2-way Texting

Stay in dialogue and improve communication by texting your customers individually in real-time.

## Intake Forms

Have customers complete necessary forms before they arrive at the practice and save time.

## Reputation Management

Post customer reviews of your service directly to Google, Facebook and more.

## Sales Messages

Inform and target your customers about an offer, sale or special.

## Recalls

Is your customer due for an appointment? Let them know.

## Missed Appointment

No-shows are a no-no. Contact customers who have missed their appointments to reschedule another.

## Website

Get a professional website designed to communicate your practice's unique selling points.

## Digital Marketing Assistant

Marketing and communications can be complicated. Get help from a professional to improve the effectiveness and save time.
